Guest Speaker
Edward Maitz, PhD

Topic Presentation: “How the Central Nervous System Can Impact Sjögren’s”

Dr. Maitz is a Diplomate in Clinical Neuropsychology and is also Board Certified in cognitive rehabilitation and biofeedback training. Dr. Maitz is in full time private practice in Pennsylvania and in New Jersey. He has faculty appointments at Drexel University College of Medicine and Widener University. Dr. Maitz has published more than 20 papers in professional journals and has more than 50 presentations in the United States and Canada. He has a special interest in Sjögren’s and has published articles in the field. Dr. Maitz is a long-time volunteer and friend of the Sjögren’s Syndrome Foundation and is a member of the SSF Clinical Practice Guidelines Committee, having volunteered his time and effort in making the guidelines initiative a reality.

Dr. Maitz’s Presentation and Discussion will include:

1. What is CNS Sjögren’s and how does it result in “brain fog” and other cognitive problems?
2. What is the underlying neurologic pathophysiology of CNS Sjögren’s?
3. What are the physical, cognitive and psychological manifestations of CNS Sjögren’s?
4. How is CNS Sjögren’s diagnosed?
5. How is CNS Sjögren’s treated?
6. What resources are available to patients with CNS Sjögren’s?
