Dear Sjögren’s Patient:

Each day research and clinical trials are being conducted to unveil new medications, therapies and diagnostic tools for Sjögren’s syndrome and its symptoms. Listed below is information about a Sjögren’s clinical research study (JHM IRB00138310) being held in the Baltimore, MD area. Your participation in this study may help with its success and I hope you will take a moment to consider it.

The Johns Hopkins Jerome L. Greene Sjögren’s Syndrome Center is looking for individuals between 18-65 years of age to participate in a research study testing a trial drug for patients with active Sjögren’s Syndrome. The study is taking place under the direction of Dr. Thomas Grader-Beck (Principal Investigator), Rheumatologist and Sjögren’s Syndrome specialist.

For more information and to see if you may be eligible to participate, contact Susan Robinson, Research Program Coordinator. If you have questions regarding the project, please contact the number listed below and not the Foundation Office.

Susan Robinson  
Research Program Coordinator  
The Johns Hopkins Jerome L. Greene Sjögren’s Syndrome Center  
5200 Eastern Avenue  
MFL-CT, Suite 4000  
Baltimore, MD 21224  
Email: srobin95@jhmi.edu  
Phone: 410-550-6492

The study drug and study procedures will be provided at no cost to you and you will be reimbursed for transportation expenses per study visit if you qualify to participate. No health insurance is required. Your consultation with a Board Certified Rheumatologist is provided at no cost to you.
